European Arabic Engineers Union
إتحاد المهندسين الأوربي العربي

Invitation

To the

1st European Arab Engineers Forum (EAEF)

21 - 22 October, 2011

Düsseldorf - Germany

Mr. Dr. Hayfi secretariat-general of FAEI,

For the 1th time the EAEF brings together participants from the Arab world and Europe to an event that has established itself as a unique stage for engineering networking. High-ranking guests of honour and speakers will join. The forum is the beginning of many successful co-operation and business contacts as well as a chance to deepen existing ties. Besides many opportunities for networking, the forum offers again an up-to-date insight into all key sectors of engineering.

We invite you to participate in the 1st European Arab Engineers Forum to present your projects, technologies and solutions. For more information, please visit our website: www.eaeu.org/forum

Best regards

Dr. Eng. Jihad Al Chami
President of
European Arab Engineers Union
